Praise for **Boys on Target**..

"I have seen first-hand how Barry MacDonald's writings and his public presentations to sell-out audiences inspire teachers, parents, and others in the community to reframe and refresh their perspectives on boys who struggle. Wherever he has taken his message, he has struck a chord with parents and teachers who are asking questions that are driving change. Barry is challenging us all to pay attention and revisit old assumptions; his practical wisdom suggests how we can learn to see boys not as an objectified **problem** but as whole persons with strengths we can help them to uncover.

Whether you are a parent or teacher or an adult involved with mentoring boys in some other capacity, you will find the thoughtful, in depth discussions in this book enlightening and deeply nourishing.
